TEXT OF GERMAN TREATY MADE PUBLIC

UNITED STATES IS NOT BOUND BY THE LEAGUE COVENANT

Puts Into Force all Provisions of the Unratified Treaty of Versailles—In State Department Statement Germany Reaffirms Renunciation in Her Overseas Possessions

WASHINGTON, Aug. 25.—The treaty with Germany signed today in Berlin was made public tonight by the state department. It puts into force the economic, reparations, military and other provisions of the unratified treaty of Versailles, but provides specifically that the United States shall not be bound by the covenant of the league of nations or by other enumerated parts of the Versailles settlement. The declarations of the peace resolution are reaffirmed in the treaty and it contains, in addition, a blanket provision that any benefit which might accrue to this country under the Versailles pact is to be regarded as of full force. Germany's renunciation of her overseas possessions, jointly to the big five powers is reaffirmed, as are the military clauses of the Versailles treaty, the sections relating to prisoners, reparations, finance, economic settlements, commerce, and abrogation of all other existing treaties between the two countries.

OFFICERS FIND HEADQUARTERS OF DOPE RING

Believed to Have Supplied Dope to Illinois and Iowa

BURLINGTON, Iowa, Aug. 25.—Federal officers raided a cabin on the Mississippi, opposite Burlington today, which they claim is the headquarters for the illegal sale of narcotic drugs in Western Illinois and Eastern Iowa. They have worked a year to locate the plant. Edward Potthoff of Burlington, the keeper and Ernest Johnson of Ottumwa were arrested. Arnold "Johnny" Shumacher, a pugilist alleged to be the field agent for the "dope" syndicate, was arrested at Monmouth, Wednesday night. A fourth member, a Galesburg man will be arrested tomorrow. Two women agents, one in Galesburg and the other in Burlington are under surveillance. Sales were made in Rock Island, Galesburg, East St. Louis, Springfield, Bloomington, Abingdon, Burlington and Ottumwa. Schumacher had \$1,000 worth of cocaine and morphine ready for delivery when caught. More than \$500 worth of drugs, weighing scales, paper containers and four guns were confiscated at the cabin. Lee Kidder, of Peoria, R. C. Goss and L. J. Ulmer, working under Colonel Will Beach Gray, made the raid and arrested Schumacher. The prisoners will have a hearing before United States Commissioner W. H. Moore in Peoria, Friday.

MARCHERS ARE CAMPED AT RACINE

RACINE, W. Va., Aug. 25.—Several thousand men tonight are camped on Indian Creek outside this Boone county village. Warmed by a summer sun during the latter part of their march from Marmet today, the men after crossing the range of hills separating Boone from Kanawha county just before dawn, trudged along a public highway for ten miles. The first marchers entered Racine a little after 9 o'clock and it was noon before they all arrived. Immediately camp was pitched and a noon day meal prepared. The afternoon was spent listening to speeches. The proposed march to Mingo county to protest martial law there was outlined and re-outlined. Not one of those who spoke gave any indication of when the hike would be resumed and night-fall found the crowd sleeping in the open.

CONTINUE EFFORT TO SALVAGE WRECK OF GIANT AIRSHIP

Work of Moving the Wreck Going to be Hazardous Job

HULL, England, Aug. 25.—Efforts to salvage the wreck of the ZR-2 in the widespread mouth of the Humber river in the hope that more of the bodies of her crew might be recovered from the twisted debris of the giant airplane, were resumed at low tide today. Thousands of persons stood patiently for hours watching while the salvage men struggled with the difficult task of running steel ropes under the wreck of the airplane for the purpose of trying to pull it from the muddy bottom with the incoming high tide. Admiralty officers went out in a tug to inspect the wreck, while small salvage craft of the air department were gleaming what they could from the parts of the ZR-2 projecting from the water. The American air officers anxious to recover the bodies of their comrades also inspected what was left of the dirigible that was to have taken them to the United States. The ZR-2 lies on a sand or mud bar about half way in the mouth of the river, three fourths of a mile from shore. The water at low tide here is about four feet deep. So bent and twisted is the skeleton frame which projects from the surface, that, despite the shallowness of the water at low tide, it will be extremely difficult to move the wreck because of its great weight, with clinging mud and the river running swiftly on either side. Boats Working Hard. This afternoon one salvage boat was working assiduously to move the wreckage of the airship which was expected to be recovered. Old river men shook their heads skeptically and declared it would be no short job to remove the great bulk of metal. Meanwhile a lightship has been stationed alongside the wreck to warn traffic of its danger. River men are inclined to the opinion that many of the bodies will be found in the debris but will more likely be found up river, as the tide which was beginning to flow when the disaster occurred, runs strongly for several miles upstream. It is understood the bodies of two Americans found will be embalmed and sent home. Tomorrow the coroner's inquest on the bodies recovered will be held. It is generally known that the calamity was precipitated by the collapse of a girder amidship but nobody in authority has ventured an opinion as to what caused the girder to collapse.

It is understood that both will be read to the session of the Irish Republican parliament in Dublin tomorrow and meantime both sides have agreed to observe strict secrecy. The British cabinet approved Mr. Lloyd George's response, it is learned, and it is understood the negotiations will continue. GRANITE CITY MAN CONFESSES TO WIFE MURDER

Arthur Dorman Says Killed Wife for Going With Another Man

GRANITE CITY, Ill., Aug. 25.—Arthur Dorman today confessed to Police Chief Clark that the body of the woman found murdered and buried in a crude grave in a wheat field near Herl, June 16, last, was that of his wife, Nora, and that he had murdered her. He said she had been "extravagant" with his meagre salary, "had gone out with other men," and had allowed him and his son, John, only \$1 a week apiece, spending money. Dorman's confession clears up a mystery of several months standing and a case where another man was arrested and exonerated of the same crime. The body of the murdered woman first was identified as that of Mrs. Serena Gilliland, missing from St. Louis and her husband was subsequently arrested in Indiana and charged with the crime. Mr. Gilliland was located in Cincinnati and Gilliland was exonerated. Dorman's confession came after his son, John, 16, who also has been held for questioning informed police his father had confessed to him that he had killed Mrs. Dorman. Dorman told of following his wife on the evening of the murder when she met another man. When he came forward Dorman asserted the man ran, and his wife swore at him for following her. "I saw 'red'" Dorman said, "I grabbed her by the throat and when I was sure she was dead I got a spade, dug her grave and buried her."

GOVERNOR ADDRESSED BOYS AT STATE FAIR

SPRINGFIELD, Ill., Aug. 25.—Governor Small told some of Illinois' future farmers about his enemies in a brief address before the boys' school at the state fair today. He added that these enemies will not swerve him from his service in the interests of the people. The governor said he is determined to push the 4,800 mile hard road program to completion as rapidly as possible. "We have met many obstacles," the governor said in referring to hostile newspapers and other opposing forces, "but I want you to tell your fathers and mothers that that within a very few years you will have a hard road running from your county to Springfield; that you can go by automobile over a hard, smooth, paved road, not only from your home to Springfield, but to the great city of Chicago, to Cairo on the south and in fact every city in the state. "We hope that the time is not far distant when the farmer will be able to sell his products at a fair price, based on labor and the cost of production, and the people in the cities will be able to buy what the farmer produces at a reasonable price, based on a fair profit for handling the products and not be compelled to pay three or four times what the farmer receives."

RESTLESSNESS IN WEST VIRGINIA COAL FIELDS RENEWED

March of Armed Forces Leads to Call for Federal Troops

WASHINGTON, Aug. 25.—Renewal of restlessness in the West Virginia coal fields manifested in the march of armed men toward the Mingo district resulted today in an appeal from Governor Morgan for the aid of one thousand federal troops and in a decision by the senate investigating committee to resume its inquiry into conditions in the coal regions September 1 at Williamson. Receipt of the West Virginia governor's request at the war department was followed by orders from Acting Secretary Wainwright to Brig. Gen. George W. Read, commander of the fifth corps area, Fort Benjamin Harrison, Ind., to hold troops available for quick dispatch to the region of trouble and in the sending of Brig. Gen. H. H. Bandholtz, commander of the Washington, D. C. district and Lieutenant Colonel Stanley H. Ford to Charleston. The two officers were instructed to make a quick survey of the situation. Chairman Kenyon of the senate investigating committee in announcing resumption of the Mingo inquiry said members of the committee felt that a visit to the disturbed area might have a quieting effect. Governor Morgan in his appeal, which was not made public by the war department said the band of armed men numbering more than 4,000 had left Marmet for Mingo and Logan counties and in their march were raiding stores, engaging in thievery, forcing state trains to give them transportation and disarming state police officers.

TWO ARE KILLED IN PLANE CRASH

WARSAW, Ind., Aug. 25.—L. D. Merrill, former lieutenant in the United States aviation service, and Jack Rodcheaver, 18, of Winona Lake, Ind., were instantly killed this evening when an airplane in which they were taking a pleasure ride at Winona Lake, crashed to the ground. Young Rodcheaver, whose brother is choir leader for Billy Sunday, was piloting the machine at a height of 2,000 feet when it suddenly lurched earthward. Lieutenant Merrill, who was not strapped in was thrown out of the plane and Rodcheaver was pinned under it. POLITICIANS LEAVE FOR VACATION Washington, Aug. 25.—Senators and representatives generally left Washington for a vacation as a result of congress declaring a 30 day recess just before midnight last night. Some will remain, however, a combined committee work, particularly in the case of the senate finance committee which expects to continue study of the permanent tariff bill and to take up the tax revision measure. Both the senate and house will reconvene September 21, but the latter expects to take three day recesses until October 3.

CABINET OF DAIL EIREANN REPLIES TO LLOYD GEORGE

Text Will Not be Made Public Joint Communique is Issued

DUBLIN, Aug. 25.—The Dail Eireann cabinet has replied to the letter Premier Lloyd George sent Eamonn Devalera, Aug. 13. It was in this letter that Lloyd George informed Devalera that there could be no compromise on the question of the right of Ireland to secede and also attempted to make clear the conditions of the proposed peace settlement. While the text of the Republican cabinet's letter will not be published until an agreed joint communique is issued, it is understood that it makes no mention of a republic, but enunciates the principle of independence and expresses aversion to a resumption of warfare. It is considered there is still a wide opening for a continuation of the peace negotiations, a fact which has caused widespread satisfaction and a general feeling of optimism. Will Explain Motives At a public meeting of the Dail Eireann to morrow Mr. Devalera will explain the motives which led the deputies to take the decision they have. Publication of the joint communique, both at London and Dublin, also is looked for tomorrow. Tonight's issue of the Irish Bulletin, official Dail Eireann organ, going into a detailed discussion of what it says the government has denied Ireland, declares Mr. Lloyd George's offer, does not actually propose what it professes to propose, "what it does actually propose is something no nation could adopt without dishonor."

NEW INSURANCE ORGANIZATION IS PERFECTED

Order of Perfected Woodcraft Organized in Missouri

SEDALIA, Mo., Aug. 25.—The Order of Perfected Woodcraft, established its home office here today under a temporary charter granted by the state insurance department. The new organization is an outgrowth of a split which occurred at the national convention of the Woodmen of the World in New York in July, when Claude Wilkerson, head counsel for the Woodmen in Missouri was expelled from the order for a period of ten years. He was leader of an insurgent faction which was protesting against increased rates and which was opposed to certain Woodmen officials. Insurgents from Texas, Missouri, Kansas, Oklahoma, Arkansas, Wisconsin, Florida and Nebraska participated in the formation of the new order. Claude Wilkerson of Sedalia is president.

CARRIERS REDUCE FREIGHT RATE

RECEIVE REPORTS OF BIG GUN BATTLE IN WEST VIRGINIA

News Was Received at Charleston, West Virginia That the Battle Took Place at Blair—The Telephone Wires are Reported to Have Been Cut Between Blair and Madison

CHARLESTON, W. Va., Aug. 25.—Reports of a gun battle today between Logan county deputy sheriffs, said to number 300 and a large body of armed men at Blair, W. Va., were received tonight. Efforts to confirm these reports thru Sheriff Don Chafin of Logan county, who was reached by long distance telephone were unsuccessful. When asked by an Associated Press correspondent whether there had been fighting at Blair today his reply was: "I cannot say anything about it; we are not giving out any information." Reports from Racine tonight were that the several thousand marchers who left Marmet shortly after last midnight avowedly bound for Mingo county to protest martial law in force there were still encamped alongside Indian Creek just outside the town. Blair is 20 miles southwest of Racine and in order for the marchers to reach there they would have had to pass thru Madison. Several residents of Madison reported tonight that none had passed thru that town today. Prosecuting Attorney Mullins, of Boone county, who resides at Madison, reported to Charleston by telephone early tonight that he had been advised by passengers on a Chesapeake and Ohio passenger train from Blair that 300 deputies of Logan county were battling a large body of armed men when the train left that place. Mullins added that the passengers told him that the inhabitants of Blair were preparing to flee when the train left. United Mine Workers officials, commenting on the reported battle, said that if there had been an engagement it was local and not connected with the Marmet situation. Several hours after Prosecutor Mullins had reported to Charleston, Louis Michaelson, of Logan county seat of Logan county and about eight miles from Blair, was questioned concerning the reported fight. He replied by telephone that he was a member of a party of deputies that reconnoitered the vicinity of Blair late this afternoon. He declared there had been no battle there and that the only report of any shooting was that an airplane had been fired at. Reports tonight from Huntington were that the chief of police at that place had ordered guards placed in all hardware stores where arms and ammunition are sold. He took this action, he said, because dealers had informed him today that calls for arms and ammunition had been excessive.

FATE OF BEER IS RESTING ENTIRELY WITH CONGRESS

Failure to Enact Willis-Campbell Bill is Only Chance

WASHINGTON, Aug. 25.—Beer, as a medicine, was doomed today by the treasury unless congress after recess should fail to enact the Willis-Campbell anti-beer bill. In conference with internal revenue Commissioner Blair, Secretary Mellon decided that the regulations already drawn which would permit physicians to prescribe a case of beer at a time with no limit on the number of prescriptions, should be held up by the treasury pending determination of the medicinal beer question by congress. It was explained the treasury took the attitude that issuance of the regulation in face of what was regarded as certain hostile legislation would be to no purpose especially as brewers have shown no desire to have the beer rules promulgated or to begin operations before congress finally accepts or rejects the anti-beer bill. OFFICIAL BAN PUT ON TODDLE AND SHIMMY CHICAGO, Aug. 25.—Both the "toddle" and "shimmy" are receiving official knockout blows this week, so far as middle-western dancers are concerned. The Chicago Association of Dancing Masters, comprising dancing instructors from eight states, has put its official ban on such dances. Instead the follower of terpsichorean now must become an adept at the "society walk" or the "racket" for trot in these dances, stop-steps, double stop-steps, rocking turns and side glides supplant the wiggles, jerks and cave-man tactics of the old school, according to the dancing masters.

There is not much interest in talking about coal supply with the thermometer standing above the 90 mark. People should be interested in the fuel situation months before their supply is needed. But the average person looks upon the expenditure for fuel just in about the same way that he considers taxes—something unpleasant and inevitable that must be met when the time comes.

If some of the big newspapers of the state had their way about it, it wouldn't be necessary at all to try Gov. Small on the charges made against him. Almost every day these papers are now writing about the case and speculating as to what will probably take place. No matter where one's sympathies or opinions may be in this situation, no defense can be offered for this continual trying of a case in the papers before the court hearing has been held.

Now a campaign has been started to encourage the larger use of horses. The slogan is "A Horse Can Be Kept for 25c a Day. Why Not Use One?" With grain and hay at present prices, the slogan probably tells the truth, but Old Dobbin's day is done in so far as the automobile has already supplanted him. A man who has driven a car for utility purposes would not be satisfied with the pace possible with a horse drawn vehicle. He couldn't stand the strain on his nervous system. The less of time would be too great. These are but intimations of a score of reasons why the horse cannot be reinstated, why the garage will not be charged into a lively stable.

In another column appears a communication from a Journal reader with reference to the establishment of a rest room in the court house building. This is not a new suggestion, but it is one well worth the consideration of county commissioners and the chamber of commerce. The latter organization will maintain a rest room in the quarters in the Myers building, but there is no danger of overdoing this matter of conveniences for visitors to the city. The need has been greatly augmented by the increase in automobile travel. Not a day passes now except in unfavorable weather without its scores of automobile tourists. A rest room in the court house would be convenient and accessible and the project should have earnest consideration.

A SUBSTANTIAL COMMUNITY, THIS.
An Alton man who was in Jacksonville the other day said that Alton is a fine business city but has been hard hit by the present business slump. "Some of our industries which have not been

shut down before for fifteen years are closed now," he said.

The statement made by Jacksonville men who heard the visitor thankful again that this city is not solely dependent upon manufacturing industries. Its greatest source of strength comes from the high class farming community which surrounds it. It has been often said that Jacksonville does not have the great industrial booms that come to some cities, nor does it have the periods of deep depression. This is a fortunate fact about conditions here which cannot be too often mentioned.

The soup was pronounced by experts as of very fine quality, and certainly it should be, for the people of the church made most liberal and painstaking preparations.

ANNUAL CHICKEN FRY AT BEREIA CHURCH

Hundreds of People Fed at Seventeenth Annual Chicken Fry at Bereia Last Night.

The great chicken fry record of Bereia church, located ten miles northeast of Jacksonville, was fully sustained last night. This was the 17th annual fry and hundreds of people were in attendance, because the fame of the Bereia fries is wide-spread.

Serving began shortly after 8 o'clock and continued until a late hour. Several years ago, the Bereia people created a building especially for such events, and the facilities are such that a great throng can be served without confusion. The pastor of Bereia is Rev. O. T. HUNT'S LIGHTNING OIL

Keepers at Central Park Zoo watch this "little hump" day and night. That's because Mother Hump is so awkward! She might step on her babe or injure it in some way. This baby camel is declared to be the first one born in captivity to live three months. Most camels born in captivity die before they are a month old.

Funerals

Beets.

The funeral of Phoebe Beets, who was recently killed by lightning near Concord, was held at the Concord M. E. church at 2:30 o'clock yesterday afternoon. The services were in charge of Rev. Thomas Symons, assisted by Rev. D. C. Linton. During the services some very beautiful numbers were rendered by the following singers: Bert Way, Rev. Linton, Mrs. John Webb, Alma Deterding, with Edna Wilson as accompanist.

The flowers were in charge of Marie Rexroat, Alfa Nichol and Bernice Orr. They were profuse and very beautiful.

The honorary pall bearers were Lloyd Nichol, Everett Hacker, Russell Miller, Clarence Rogge, Ernest and Daniel McGinnis. The pall bearers were Willie Bogge, Paul Orr, Orville Hacker, Ernest Regma, Orville McDaniels and Morris Ray. Interment was made in the Concord cemetery.

They are hastening to bring the family together before the new immigration law shuts down the bars.

"We are getting a steady stream," said Miss Abbott, who was the executive chairman of the Illinois Immigrants' Commission until it shut its doors recently on the governor's veto of its appropriation.

"Ordinarily at this time the flow would be slack, but the effect of the 3 per cent law has been undoubtedly to stimulate immigration this summer.

"It has been attended with complications in Illinois for many of the immigrants do not understand it. We had a group of Assyrians this month, for instance. They came from the same town in Northern Persia, which had been invaded by Turks. They were mostly women and children and many of them were coming here to join relatives.

"Persia's entire quota for the year is 75—and there were 200 in the party. They had come a very long way, and most of them were let in on the ground that they had started before the law went into effect.

"Chicago has several little groups of Persians. They are to be found on the north side.

"Greeks here sending back to bring their wives and children have met with similar difficulties. The law was based on figures of 1919 and the main Greek immigration has come since that time. So Greece's quota is small and the demand great.

"To do some of the work in Chicago formerly handled by the state commission, the Americanization Council has created a committee on immigration problems. Its first meeting was held this week. Miss Marion Schibsy is executive secretary. The committee problems, exclusive of the federal immigration service.

"Outside of Illinois there is no agency taking up work formerly done by the state commission," Miss Abbott said.

Mrs. R. S. Best of Beardstown was among the host of own shoppers in the city yesterday.

HON. W. J. BRYAN WAS WINCHESTER SPEAKER

Former Secretary of State Appeared on Chautauqua Program Last Night—Other Winchester News Notes.

Winchester, Aug. 25.—A large audience gathered at the chautauqua Thursday afternoon, when the Goforth orchestra made its first appearance in Winchester. A splendid program was given and the orchestra also appeared in the evening before a very large audience. The evening concert was followed by an address by Hon. William Jennings Bryan, who was introduced by the platform manager, Mr. Badger.

Mr. Bryan stated that he felt very much at home in Winchester as he was so near where he had received his academic education—Illinois College, and also because of the fact that he began the practice of law in Jacksonville. He said he was glad to meet so many Morgan county people at the chautauqua.

Mr. Bryan's theme was "Bride or Brother." It was an eloquent appeal for the application of the spirit of brotherly kindness to the solution of the great problems of the day. Mr. Bryan said that the principle of brotherly love applied to individuals means development of character and the betterment of human relations; applied to nations it is still true, only in a much larger way. The world's greatest need, Mr. Bryan said, is whole-souled, whole-hearted, whole-minded belief in God.

Among those in attendance at the chautauqua Thursday evening were many from Jacksonville, Lynnville, Merritt, Riggsport, Bluffs, Alsey and Chapin.

At the close of the address, in response to a request from the chautauqua management, more than 700 pledges for tickets for the 1922 season were made. This fact assures a chautauqua next year.

Dr. and Mrs. E. H. Waters and daughter, Mary Kate, left Wednesday night for Boston, Mass., where they will both take special work in osteopathy.

Misses Lena and Nell Vibler of White Hall arrived Wednesday to visit Mrs. Cora Rickard.

A little son was born to Mr. and Mrs. Verlin Summers Thursday.

TEXT OF GERMAN
TREATY MADE PUBLIC

(Continued from Page One)
players, from any source or by any agency whatsoever, and all property of the imperial and royal Austro-Hungarian government, or its successor or successors and of all Austro-Hungarian nationals who were on Dec. 17, 1917, in or has since that date come into possession or under control of, or has been the subject of a demand by the United States or America or any of its officers, agents, or employees from any source or by any agency whatsoever shall be retained by the United States of America and no disposition thereof made, except as shall have been heretofore or specifically here-

after as shall be provided by law such time as the imperial German government and the imperial and royal Austro-Hungarian government, or their successor or successors shall have respectively made suitable provisions for the settlement of all claims against said governments respectively, of all persons, wheresoever domiciled, who owe permanent allegiance to the United States of America and who have suffered, thru the acts of the imperial German government or its agents, or the imperial and royal Austro-Hungarian government, or its agents, since July 31, 1914, loss, damage or injury to their persons or property, directly or indirectly, whether thru the ownership of shares of stock in German Austro-Hungarian, American or other corporations, or in consequence of hos-

ilities or of any operations of war or otherwise and also shall have granted to persons owing permanent allegiance to the United States of America a most-favored-nation treatment, whether the same is national or otherwise in all matters affecting residence, business profession, trade, navigation, commerce and industrial property rights and until the imperial German government and the imperial and royal Austro-Hungarian government, or successor or successors shall have respectively confirmed to the United States of America, all firms, forfeitures, penalties and seizures imposed or made by the United States of America during the war whether in respect to the property of the imperial German government, or Austro-Hungarian nationals and shall have waived any and all pecuniary claims against the United States of America."

Part Two

"Being desirous of restoring the friendly relations existing between the two nations prior to the outbreak of war:

"Have for that purpose appointed their plenipotentiaries:

"The President of the United States, Ellis Loring Dresel, commissioner of the United States to Germany, and

"The President of the German Empire, Dr. Friedrich Rosen, minister for foreign affairs;

"Who, having communicated their full powers, found to be in good and due form have agreed as follows:

"Article 1:—Germany undertakes to accord to the United States, and the United States shall have and enjoy, all the rights, privileges, indemnities, reparations or advantages specified in the aforesaid joint resolution of the congress of the United States of July 2, 1921, including all the rights and advantages stipulated for the benefit of the United States in the treaty of Versailles which the United States shall fully enjoy, notwithstanding the fact that such treaty has not been ratified by the United States.

"Article 2:—With a view to defining more particularly the obligations of Germany under the foregoing article with respect to certain provisions in the treaty of Versailles, it is understood and agreed between the high contracting parties:

"(1) That the rights and advantages stipulated in the treaty for the benefit of the United States which it is intended the United States shall have and enjoy, are those defined in section one of part four and parts five, six, seven, eight, nine, ten, eleven, twelve, fourteen, and fifteen.

"The United States in availing itself of the rights and advantages stipulated in the provisions of that treaty mentioned in this paragraph will do so in a manner consistent with the rights accorded to Germany under such provisions.

"(2) That the United States shall not be bound by the provisions of part one of that treaty, nor by any provisions of that treaty including those mentioned in paragraph (one) of this article which relate to the covenant

of the league of nations, nor shall the United States be bound by any action taken by the league of nations or by the council or by the assembly thereof, unless the United States shall expressly give its assent to such action.

"(3) That the United States assumes no obligations under or with respect to the provisions of part two, part three, sections two to eight inclusive of part four and part thirteen of that treaty.

"(4) That while the United States is privileged to participate in the reparations commission according to the terms of part eight of that treaty, and any other commission established under the treaty or under any agreement supplemental thereto, the United States is not bound to participate in any such commission unless it shall elect to do so.

"(5) That the periods of time to which reference is made in article 440 of the treaty of Versailles, shall run, with respect to any act or election on the part of the United States from the date of the coming into force of the present treaty.

"Article 3:—The present treaty shall be ratified in connection with the constitutional forms of the high contracting parties and shall take effect immediately on the exchange of ratifications which shall take place as soon as possible at Berlin.

"In witness whereof, the respective plenipotentiaries have signed this treaty and have hereunto affixed their seals.

"Done in duplicate in Berlin, this twenty-fifth day of August, Nineteen Twenty One."

The following statement with respect to the treaty was made by the state department:

"The treaty with Germany is in accord with the peace resolution adopted by congress and approved by the president on July 2, 1921.

"The preamble of the treaty recites Sections 1, 2 and 5 of the resolution which relate to Germany.

"Article I of the treaty provides that the United States shall have all the rights and advantages specified in the resolution including those stipulated for the benefit of the United States in the treaty of Versailles.

"Article II of the treaty defines more particularly the obligations of Germany with respect to certain provisions in the treaty of Versailles. Thus it is provided that the rights and advantages stipulated in the treaty of Versailles for the benefit of the United States which it is intended the United States shall have and enjoy are those defined in section one of part IV and parts V, VI, VII, IX, X, XI, XII, XIV and XV.

"Section 1 of part IV contains the provisions by which Germany renounced her former overseas possessions in favor of the principal allied and associated powers. This confirms the rights of the United States with respect to Yap and the other former German overseas possessions upon an equality with the other powers. The other parts of the treaty of Versailles above mentioned embrace the military clauses, the reparations, financial and economic clauses, the parts relating to aerial navigation, ports, waterways and railways, guarantees and miscellaneous provisions. The result is to put the United States on a footing with the other allied and associated powers with respect to all the rights defined in all the clauses. It is provided that the United States in availing itself of the rights and advantages stipulated in these provisions of the treaty, will do so in a manner consistent with the rights accorded to Germany under such provisions.

"The treaty provides that the United States shall not be bound by any of the provisions of the treaty which relate to the league of nations. The United States also assumes no obligations under parts II, III, sections 28, inclusive of part IV and part XIII of the treaty of Versailles.

"The United States is entitled to participate in the reparations commission and other commissions set up under the treaty of Versailles but is not bound to participate in any such commission unless it elects to do so.

"It is understood that diplomatic relations will be resumed upon the exchange of ratifications of the treaty and then negotiations can be undertaken with respect to commerce or other matters thru the ordinary diplomatic channels."

REPRESENTATIVE OF
SALVATION ARMY HERE

Will Meet County Salvation Army Advisory Board and Discuss Local Conditions and General Work of Army.

Warren H. Chichote, a representative of the Salvation Army organization, is in Jacksonville to meet members of the Morgan County Salvation Army advisory board and to discuss with them local conditions and the general work in which the Army is now engaged.

It is interesting to note that there are today more than 3,000 of these county boards, with a membership of more than 50,000 citizens. It is a quite well known fact that the present period of unemployment is greatly increasing the importance of the Army work, and such demands as now being made upon the Army that the earnest co-operation of the various county boards is very necessary.

It is said that for the first time in history that all of the homes operated by the Army are full, this condition being due to the fact that so many men and boys are at this time out of employment.

Price Should Be Considered Only by Quality. Quality Is Figured by Service

A few dollars spent for the right machine is soon saved in time when at work; a few hours lost in overhauling and money spent for extra parts is lost and very expensive and soon makes the cheap machine high priced irrespective of how cheap it was bought.

When you purchase a 10-20 Titan or 8-16 I. H. C. you obtain more value for less dollars than is possible in any other make.

For real power, the Titan 10-20.
For real plowing, the P. & O. Genius.
For preparing a real seed bed, the I. H. C. leverless disc harrow.

LONG TIME RESIDENT OF WHITE HALL DIES

Death of Francis Fowler Occurred Wednesday After Long Illness—Chautauqua Directors Meet—Other White Hall News.

White Hall, Aug. 24.—The death of Francis Fowler, churchman, business man and public official, occurred at 1 o'clock Wednesday in his home on Jacksonville street, aged 79 years. For two weeks his condition had been such that little hope was entertained for his recovery. For forty years he has been engaged in business in White Hall, coming here from Pittsfield. He was an ordained minister of the Christian church, and so deeply was he entrenched in the hearts of his fellow citizens that his services were frequently called to preside at funerals in preference to the pastor. He was president of the town board before White Hall became under city government, and has since served two terms as mayor. He was supervisor in Pike county and also served in that capacity since coming to Greene county. The widow and two children survive, the latter being Mrs. J. H. Piper and Mrs. C. C. Brown, both of White Hall. Funeral services will be held in the Christian church at 2:30 p. m. Friday, conducted by Pastor Chas. Ross, and the burial will be in the White Hall cemetery. All business will be suspended during the funeral hour.

Funeral services over the remains of George Lemons were held in the Baptist church at Manchester at 3 o'clock Wednesday afternoon, conducted by Pastor Fred Peck, and the burial was in the Manchester cemetery. The deceased was a son of Albert Lemons, a well-to-do farmer residing about three miles north of Manchester. He went to Gillette, Wyoming, about a year ago, and was residing on a claim of 620 acres near there, adjoining that of Harry Bushnell of White Hall, who went there two years ago. He was engaged on work on the federal road through Wind Cave National park, and the explosion of a gasoline engine resulted in his being burned to death. The accident occurred at a point about seventeen miles east of Chester, South Dakota, at 6 p. m. on Friday, and he was so badly burned that he died at 3 a. m. on the following Sunday in a hospital at Hot Springs, South Dakota. The remains arrived in Manchester Tuesday afternoon, accompanied by the widow and two children and Mr. Bushnell. His age was 21 years. Mr. Bushnell was working with him on the road construction, but was back on the claim at the time of the accident.

Chautauqua Directors Meet.
At a meeting Wednesday the directors of the White Hall Chautauqua association closed the business for the season that came to an end with the session last Sunday. The total receipts were \$1,362.11. After paying all claims, including a bill of \$490.53 for construction work that was held over from last year, there is a balance of \$271.28 on hand. This is so encouraging that the management will proceed on plans to make it bigger and better next year, and there will be a more liberal attitude toward the press. There is no change in the directorate, and they will meet Friday night to organize for the new year but there seems to be no question that the officers will remain as at present: President, J. H. Fox; general superintendent, Jas. H. Shaw; secretary-treasurer, Henry W. Shirley; platform manager, Rev. Arthur E. Ewert. The directors are Chas. Baldwin, W. S. Corpe, Lorenzo Ellis, A. F. Ewert, G. C. Fanning, J. H. Piper, Marcus North, Louis Lewenstein, G. C. Griswold, Frank C. Griswold, J. H. Fox, C. E. Potts, H. O. Tunison, C. A. Ruckel, Elmer Seely, H. W. Shirley, R. G. Smith.

CHICKEN SUPPER IS GIVEN FOR DOKAYS

Pleasant Event Arranged in Honor of Men Who Made Recent Trip to Chattanooga—J. E. Scott Presented Cuff Buttons.

One of the most enthusiastic meetings which D. O. K. K. members have held was that of Wednesday night when a chicken supper was arranged in honor of Dokays who made the recent trip to Chattanooga. A number of members of the order from Roodhouse were in attendance. The Dokay quartet, James Guyette, Ben Denny, C. B. Magill and Maurice Peckham, sang a number of selections, and with Carl E. Robinson serving as toastmaster, there were several speakers who indulged in pleasant reminiscences of the southern expedition.

The toastmaster in closing presented City Clerk Jewell E. Scott a pair of handsome K. P. cuff buttons with "Chattanooga, 1921" engraved upon each. Mr. Scott managed the arrangements of the southern trip so well that the Dokays took this method of expressing their appreciation.

So great was the enthusiasm over Chattanooga experiences that a movement has already been started for sending a big delegation to Portland in 1923.

FOREIGN WAR VETS PLAN TICKET SALE

Will Push Sale of Tickets for Showing of War Pictures—Money to Be Used for Relief of Veterans.

Harrison A. Dickson Post, No. 503, of the Veterans of the Foreign Wars, at its regular meeting last evening, launched a campaign for the sale of tickets for the showing of the United States official battle films at the Grand Opera house, September 19 and 20.

The showing of these films is to serve a two-fold purpose, that of instruction to the public and also to inaugurate a relief fund for the Veterans of the Foreign Wars. A relief fund for the veterans is of absolute necessity at the present time. Many of these ex-service men are unable to obtain enough employment to keep body and soul together.

This state of affairs is one of vital importance to the veterans and they are going to look after the matter and do everything in their power to help these men. With this purpose in view for the money taken in on these films, every one should back the undertaking and make it a great success.

The following committees have been arranged to take care of all preparations:

Finance—Leo Salby, E. Miller, W. Adams.

Tickets—C. Segner, W. Kitner, J. Barnes, F. Andrews.

Advertising—E. J. Henderson, R. Allen, G. Coe.

Membership—H. Paschall, M. Ator, P. S. Johnson, A. S. Armstrong, Gottschall.

Headquarters for the sale of tickets will be at Carl Richards' Book Store on the east side of the square. The commander of the post or some member of the ticket committee will be there to take care of sales. The Harrison A. Dickson post of the Veterans of the Foreign Wars is banking on the people of Jacksonville to get behind this show and boost the relief fund.

Mr. Eppstein was followed by State's Attorney Carl E. Robinson, who gave some interesting facts about the recent D. O. K. K. palace meeting in Chattanooga. Mr. Robinson attended as a delegate and while there was present at a weekly meeting of the Kiwanis club.

Mr. Eppstein believes that a coal shortage is certain a few weeks hence, when people become thoroughly interested in purchasing their winter supply. His reasons for this belief are that buying has not been normal and a very large number of coal cars are out of commission. The railroads have been holding down expenditures for both new equipment and repairs, with the result that the rolling stock of many of the coal carrying roads is in very poor condition.

Mr. Eppstein said that there are thousands of cars on the side track which cannot be used for transportation purposes unless they are put into condition.

The speaker quoted some figures relative to the C. B. & Q. railroad and said that they were equally applicable to several other of the coal carrying roads.

RETURN FROM AUTO TRIP

Dr. and Mrs. H. L. Griswold have returned from a three weeks' automobile trip which took them thru parts of Michigan and Wisconsin. They were as far north as Benton Harbor, where they enjoyed a stay of several days. On the return trip they visited Starved Rock and other places in that interesting and historic part of Illinois.

Mrs. William Brannon was a visitor in the city from Eldrid, Ill.

Mr. Ed Hitch and son were up to Jacksonville from White Hall yesterday.

Mary Fitzpatrick of Roodhouse was a city visitor yesterday.

SOMETHING JACKSONVILLE NEEDS BADLY

Editor Journal:

A few weeks ago the Chamber of Commerce put on a "Round-Up"—fees after all expenses were paid, were intended to be used to erect a bridge over Lake Mauvaisterre. While a bridge over Lake Lake Mauvaisterre would be appreciated by the people of Jacksonville and surrounding territory, yet I believe there is something Jacksonville needs worse than it needs a bridge over the lake, and that is a "Rest Room."

Every day there are tourists passing thru the city, and many stop and enquire where they can find a Rest Room? Why is it that a city the size of Jacksonville, and known as it is as the Athens of the West, that we have nothing of the kind here? It is thoughtlessness that has caused us to neglect such a necessity? I feel sure it is not for lack of public enterprise, for we have plenty of that. In most all of the cities that the writer has visited, and he has visited a great many, he has found Rest Rooms in the court house comfortably fitted up for ladies. Let's have one in the court house at Jacksonville.

I am sending with this communication a plan of a rest room which I think could be fitted up without a great expense, and it would I am sure be greatly appreciated by the ladies who visit our city.

While the measurements are only approximate, as I took no measurements only on the outside of the east tower in which I have thought would be a very good place to put it, as there is nothing in there. Of course there would be some cost in putting it in shape, but anything that is worth anything, will cost something.

We often notice our friends from the country sitting on the benches in the park eating their lunch—that is when they can find an unoccupied bench to sit on—and that must be very embarrassing to say the least; but if we had a rest room they could go there, clean up, and enjoy their lunch off a table and then refresh themselves after their repast.

Of course a room of this kind would not be intended for visitors from the country, or for tourists, for there are in our city many ladies who on account of advancing years seldom come down town because there is no place to go and rest, when if we had a room of the kind described they could go and pass a little time in conversation with some who they now very seldom see, as they are now practically "Shut-ins."

Trusting the C of C and our commissioners will get together and put things moving for a "Rest Room" I am Sir.

MADE GOOD SHOWING

Morgan county made a good showing with Berkshires at the state fair yesterday. An exhibit was made by the farm bureau of Berkshire swine owned by J. H. Nickel living near Concord, and Dwight Green of this city. The exhibit was of such class that it was awarded first premium for Berkshire county herd.

Mrs. Mike Kinser was a White Hall caller in town yesterday.

MURRAYVILLE DOMESTIC SCIENCE CLUB MEETS

Mrs. Ernest Jordan pleasantly entertained the members of the Murrayville Domestic Science club at her home Wednesday afternoon. After a short business session one of the best programs of the year was carried out. The program opened by singing the club song which was followed by the roll call, "Name a kill-joy and antidote for same." Ten members responded to this unique roll call, and the answers were varied and interesting.

This was followed by an interesting conference on the subject, "What can we do as a club to acquaint our young people with the dangers of the cigarette practice," by Mesdames W. B. Rimbey, L. C. Collins and William White, the latter two ladies being absent, Mrs. Rimbey gave an excellent paper on the subject, showing she had given much thought on this important subject.

Each member present was requested to submit a question to be read at this meeting and answered at a future meeting.

The hostess demonstrated stuffed mangoes, cottage cheese, brown bread and butter sandwiches, coffee cake, and coffee which were very delicious and thoroughly enjoyed by everyone present.

The guests of the club were Miss Georgia Mawson, Miss Norlyne Scott and Mrs. Geo. Durham. The hostess was assisted in serving by her mother, Mrs. Dawson, and Mrs. Durham. The next meeting will be held with Mrs. T. E. Doyle.

FRANKLIN CHAUTAUQUA CLOSING

The Franklin chautauqua closed Thursday after a very successful season. The programs for the three days were of special merit and the attendance was exceptionally large. Dr. Joseph Thompson of Kansas City was the speaker Thursday night, his lecture being on the subject "Lifters and Leeners."

MR. AND MRS. C. L. DEPEW GO NORTH

This morning Mr. and Mrs. C. L. Depew expected to start in their auto for an extended trip northward. First they were to visit Mr. and Mrs. Herbert Henderson at Champaign, and then on to Chicago where are Mr. Depew's brother Howard and sister, Mrs. W. S. Badger.

Monday next they expect their daughter Marian by boat from Mackinaw City. The young lady has been with the biological survey party and has had some valuable experience. Her specialty has been bird photography and she has captured pictures of many specimens of flyers and their nests.

One day she and two companions were lost in a tour of a swamp and for a while they wandered aimlessly not knowing when or where they would get out.

Finally when it began to look as if they would not see camp again they came across a swamp hermit who guided them to an Indian camp and there they secured guides who took them back all right. The Indians had some choice samples of basket work and the young ladies bought some and sent home. They are very rare and beautiful. One day Miss Depew had a scare which turned out to be mutual. She saw what to her vivid imagination seemed a bear reared on its haunches ready to do her harm but closer inspection showed it to be a snow rabbit whose natural habitat is Canada. They grow to great size, almost as large as a good sized Scotch Collie. As it was the rabbit was about as badly scared as the young lady.

MONEY FOUND BY

AN HONEST MAN
J. H. Brown, a traveling man, was calling on his esteemed friends, Thomas and Deem Rapp yesterday and narrated a remarkable experience.

He had been in Madison, Wisconsin and had gone to another city some distance away. When he disrobed to retire at the hotel he found he had lost his pocketbook containing \$125 cash and valuable articles besides.

He went over to the station and told his story to the agent who told him to go back to the hotel and go to bed and they would see to him. Mr. Brown was certain he had intended to place the pocketbook in his inside vest pocket but had missed and dropped it on the floor in the station of Madison.

He went back to the hotel as directed, but not to sleep. Arising early he went down to the office and found in his key space an envelope with ten dollars in it.

He went to the station and there the agent handed him the rest of his \$125. The pocketbook had been dropped in the Madison station, found by an honest man who turned it in and the other agent had the money wired to him. Mr. Brown could hardly express his astonishment and gratitude.

AUTOISTS FROM PASADENA

Yesterday morning J. T. Osborne noticed a car labeled Pasadena and at once went to investigate. He found the occupants were J. A. Rose and family. They knew Harry Ticknor and often traded at the shoe store in Los Angeles of which Mr. Osborne's son, Ernest, is manager. They were very agreeable people and were especially charmed with Jacksonville and the fine country surrounding. They sometimes made as much as 300 miles a day when the roads were favorable.

WHITE HALL SCHOOLS

MAY OPEN SEPT. 5

Day of Opening Not Yet Definitely Fixed—Claude Dawson Signs Position—Other White Hall News.

White Hall, Aug. 25.—Clyde Stone, the new superintendent of the White Hall schools, is now on the ground, and is arranging for the opening of the new term. Just when this will be can not now be stated, but it probably will be on September 5th. It has been found necessary to build another shed to accommodate the surplus of children that can not be accommodated in the present building. The new superintendent has two boards of education to deal with at this time, and he must secure working understandings all around and complete the teaching corps before he can make definite announcement as to the date of opening and the list of teachers.

Claude Dawson has resigned his position with W. W. Evans, and has engaged in the plumbing business on his own account.

The Gregory Farm, Berkshire hog sale was held Thursday and a large number were in attendance. Dinner was furnished at the farm by the ladies of the First Baptist church.

Incidents and experiences connected with the World War will henceforth be forthcoming with endless regularity just as has been the case ever since the close of the Civil War. The recent visit of Judge Doocoy, of Pittsfield, unfolds the interesting information that a party of fourteen young men went to France together on unattached duty. They fought together, and one by one they

were killed until the sole one left was Elmer Doocoy of Pittsfield, son of Judge Doocoy, he wrote his parents that the thirteenth man in the original party had been killed, and that he is the sole survivor to avenge their deaths upon the Germans. This he attempted to do, and then word came that young Doocoy had fallen. One of this party of fourteen was Lieut. A. C. Edwards, whose remains were recently interred in the White Hall cemetery and whose posthumous letter to his mother is one of the gems of literature growing out of the war.

MINISTER TELLS OF WIFE'S CASE

Thinks It Only Short Time Before Mrs. Sykes Will Be Fully Restored.

Rev. A. H. Sykes, former pastor of the Watkins Park Presbyterian church, Nashville, Tenn., says:

"After seeing what Tanlac has accomplished in my wife's case, I am convinced that it is a medicine of great power and extraordinary merit. I do not think I have ever seen anything to give such prompt results. Mrs. Sykes has been in delicate health for ten months, suffering from stomach trouble and nervous breakdown."

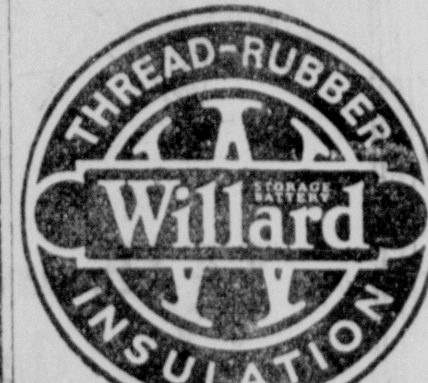

"I frequently sought medical advice but Tanlac is the only thing that gave her any relief. After taking the medicine only a short time, she was able to sit up and help with the household duties. I think it only a short time until her health will be fully restored."

Tanlac is sold by leading druggists everywhere.—Adv.

PAYING FOR THE HOME

"Up to two years ago my money all went to doctors and medicine for my stomach trouble. I was constantly filled with gas and no medicine helped me permanently until I tried a bottle of Mayr's Wonderful Knead at that time with excellent results. Now I am using my money in paying for a home." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale at all druggists.—Adv.

OLD TIMER GETS BASEBALL FEVER

Bill Doyle Wants to Get Old Stars Together and Play Indies Game—All of Those Residing Here Are Ready.

Bill Doyle of Peoria who played ball around here when Ed Livingston, Harry Norris and other local stars were in their prime has got the baseball fever and wants to see how good he is now at the national pastime.

In a letter written recently to Ed Livingston, who is now residing in Beardstown, Doyle recalls the old days and also suggested that a game be arranged with the Indians to be played some time during the fall.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys. It is not sold by your druggist, by mail, \$1.25. Small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 2026 Olive St., St. Louis, Mo. Sold by all druggists—Adv.

reer was a fielding mate of Harry Bay afterwards famous as a fielder with Cleveland in the big show. But for bad legs when he started here with Belt in the Kitty League would have set that circuit on fire with his fielding.

In addition to Livingston and Norris, Doyle mentioned John Hagerl. While John is not a veteran in years he played with the players of that time. Bill Cadigan whom Doyle believes would come down from Springfield and play. Butch Wagner, Bill Magill, Red Abernathy, Otto Schumm, Billy Henchen of Havana, Baptist, Frank Baker and others.

The old timers could present a formidable front and for a time should be able to give the present day players a good argument. The contest would undoubtedly draw a big crowd as many would like to see the local stars of other days in action. Wonder if Frank Smith would be willing to arrange the game?

CLEVELAND SWAMPS YANKEES 15 TO 1

Near Riot Comes When Harper Hits Three Cleveland Batters—Sotheron Puzzle to New York Sluggers.

CLEVELAND, O., Aug. 25.—Cleveland went back into first place again today by defeating the Yankees 15 to 1. Sotheron was a puzzle to the Yanks with men and Shawkey and Collins were ineffective and Harper who pitched the last inning was wild.

A near riot took place in the last half of the eighth. Harper hit Jameson in the ribs, Gardner on the arm and O'Neill in the back. O'Neill enraged, grabbed the ball and threw it wide of Harper. The two then squared off to use their fists but were separated.

O'Neill and Pitcher Piercey then were chased. Mounted policemen came upon the field when the game ended and protected New York players and the umpires from molestation.

JEANETTE RANKIN LOSES SECOND RACE

Lowes Colors for Second Time This Season to Grey Worthy in Poughkeepsie Trot—Millie Irwin Another Favorite Also Falls.

Poughkeepsie, N. Y., Aug. 25.—Jeanette Rankin, Lon McDonald's great trotter, heavy favorite in the Poughkeepsie 2:12 trot feature of the Grand Circuit program was forced to accept her second defeat of the season today when Grey Worthy, piloted by Walter R. Cox, walked away to a straight heat victory. The first heat provided an eyelash finish but the second was a clean cut victory for Cox's Grey River.

A field of ten starters including Main Lick, the only trotter heretofore which had forced Jeanette Rankin to lower her colors took the word.

Grey Worthy was away to a handicap of a full second and a half in the first heat and trailed for three quarters of the distance only to come thru with the finest drive seen here this week. The time for the second heat, 2:031 set a new mark for Grey Worthy.

Another favorite, Millie Irwin also fell by the way side being forced to take second place in the 2:06 trot, which Sister Bertha

Heating the Home

AS NEW uses for petroleum products are developed, the Standard Oil Company (Indiana) immediately organizes its distribution system to supply the demand, whenever and wherever it may arise.

For example, during the past two or three years a number of devices which substitute kerosene for coal in heating the home have been perfected and put on the market.

A large number of these burners have been installed in the territory served by this Company. The result has been a heavy demand for Perfection Kerosene, which has proved to be an ideal fuel.

To meet this demand for Perfection Kerosene, the Standard Oil Company (Indiana) has so arranged its distribution system as to be able to deliver to patrons Perfection Kerosene for heating purposes in any quantity which may be desired.

The bigness and efficiency of this organization enables you to adopt kerosene as a fuel for heating your home, with complete assurance that you always will be able to get this fuel in such quantities as you may require, whenever and wherever you may need it.

Thus does a big company, conscious of its responsibility to the public, and to its 19,478 stockholders, quickly adapt its organization to changing conditions.

UNUSUAL CONDITION AT WHITE HALL CHURCH

Tabernacle Baptist Church is Without Pastor Yet There are Six Resident Pastors of That Denomination in White Hall.

White Hall, Aug. 24.—The Tabernacle Baptist church of this city will be represented at the sessions of the Sandy Creek Baptist association at Chandlerville this week, and the First Baptist church will be represented at the Greene-Jersey Baptist association at Roodhouse next week. It is notable that the Tabernacle church is without a pastor, and yet the congregation numbers the following ordained ministers who are affiliated with Sandy Creek association: Elijah Anthony, J. O. Raines, Roy Anthony, Wm. Taylor, Roy March and A. J. Johnson. The First church congregation has an equal number of ministers who are affiliated with the

Greene-Jersey Baptist association as follows: J. T. Green, A. P. Gregory, E. L. Wendell, Pastor O. A. Carman, W. W. Lewis and A. C. Bauer. The delegates from the First church to Roodhouse are Revs. Carman, Green, Lewis and Gregory, Miss Emma Duncan, Mrs. M. A. McCracken and Mrs. A. M. Nevius.

It would indicate that White Hall is a city of ministers when one denomination has twelve resident ministers, and that is about right. Rev. B. F. Drake really belongs to White Hall, but he has been residing at Palmyra for the past few years in active ministerial work.

The other churches at White Hall have strong men in pulpits, as follows: Methodist, Rev. J. O. Kirkpatrick; Christian, Rev. Charles Ross; Presbyterian, Rev. Lee A. Hanchett.

FUNK REPRESENTS FARMERS IN TWO HEARINGS

(The Bloomington Pentagraph.) Eugene D. Funk, of Bloomington, president of the National Farm Growers' Association and Illinois member of the agricultural advisory board during the war, represented Illinois farmers in two important investigations on agricultural conditions in Washington last week. A week ago Mr. Funk left for Washington with a grip full of information on the cost of producing crops and transportation rates, to appear by request before the joint congressional committee on agriculture inquiry. Farm bureaus, farmers' elevators and hundreds of farmers in Illinois contributed to the mass of evidence he had secured. Mr. Funk states that the members of the committee were greatly interested in his reports and asked him many questions concerning the farm conditions in Illinois. The questions and answers and all the information he gave is to be written by the stenographer and go into the records of the committee.

Mr. Funk was asked to appear before the interstate commerce commission on behalf of Illinois farmers in the effort made by the Illinois commerce commission to have this state included in the western territory in which the national commission is considering a reduction in freight rates on grain. Illinois has been included in this hearing.

Cost of Production.

"The farmer is now receiving 43 cents per bushel for corn," Mr. Funk stated. "The actual cost of producing a bushel of corn is 53 cents, where the yield is 50 bushels per acre, and the yield is as low as 20 bushels to the acre. The average yield is about 34 bushels to the acre."

"Oats is bringing only 25 cents a bushel in Illinois. The production cost is 21 cents a bushel on a yield of 40 bushels to the acre."

Altho the cost of farm labor, clothing, shoes and other items have been reduced in the last year Mr. Funk declared that the purchasing power of the farmer is less today than twelve months ago. He presented the following table to the commission.

"Last year it took 160 bushels of oats to pay a farm hand a month's wages at \$80 per month; this year 't takes 240 bushels of oats to pay him wages of \$70 per month."

"Last year it took one bushel of corn to buy 5 1-2 gallons of gasoline; this year one bushel of corn will buy only 2 1-3 gallons."

"Last year it took six bushels of corn to buy a pair of shoes for ten bushels of corn; this year, altho shoes are \$3 cheaper, it takes sixteen bushels of corn to buy the same shoes."

"Last year the farmer could buy a \$65 suit for fifty bushels of corn; this year the same suit is selling for \$45, but the farmers must use ninety bushels of corn to purchase it."

An Easy Problem.

The answer to a very easy problem was given to Mr. Funk to illustrate the labor reduction in producing forty acres of corn. A farmer must travel a total distance 97 1/2 miles back and forth across the corn field in preparing the soil, planting, cultivating and harvesting the corn, not counting any distance traveled outside the field, going to and from the field and hauling the corn away. The figures are based on using a two-horse team and twelve inch plow, a ten foot harrow, and all other operations done with two horses except disking, which requires four horses.

May Reduce Rates. Only that portion of Illinois north of a line drawn from Chicago to St. Louis, via Peoria, was originally included in the territory for which the interstate commerce commission is preparing to readjust rates. The milling points of Springfield, Decatur, Champaign and other downstate centers were omitted. But thru the efforts of Col. Frank L. Smith H. M. Slater and others of the Illinois commission, aided by Mr. Funk and others who appeared, all of the state is now included in the hearing which freight rates on grain may be reduced. Were it not for this action better local prices which might result from the commission's readjustment would be secured only in the northwestern corner of the state.

Mr. Funk pointed out that the freight rate on grain shipped from Illinois to the Atlantic seaboard is 28.5 cents per bushel for wheat, 26.5 cents per bushel for corn and from 15 to 15.2 cents per bushel for oats. This amount, Mr. Funk stated, is deducted from the market price paid the farmer for his grain and has been an important factor in depressing prices below the cost of production.

AMERICAN LEGION NEWS NOTES

(With his aim the "humanization of the document" and its enlargement to include news of the "whole United States army, which includes the national guard and the reserve," Brig. Gen. Henry J. Reilly, Chicago, West Pointer, national guardsman and newspaperman took over publication of the Army and Navy Journal with its issue of August 20. The editor, commander of "Reilly's Bucks," Chicago war-time artillery regiment, has been prominent in the American Legion since its inception in France and was a founder of the Illinois department.

Alleged failure of the Federal Board for Vocational Education to provide equipment for the summer camp it established on Fire Island, N. Y., for disabled service men will be gone into at the state convention of the American Legion at Jamestown, N. Y., in September. The Legion charges that the disabled men virtually would have been abandoned had not the state provided tents and cooking utensils after the War Department had declined to do so.

His refusal to preach over the body of an American doughboy killed at Chateau-Thierry because the coffin was draped with the Stars and Stripes has caused the Rev. John Shively, Lancaster, Pa., to become the storm center of an investigation just launched by the American Legion of that city. The body was resting in the vestibule of the church and the family and friends were waiting when the minister issued his edict. The Legion immediately took charge of the remains and obtained another minister.

Jules Jusserand, French ambassador to the United States, and Marshal Foch are traveling to Metz and Phirey with the delegation of the American Legion visiting France, according to cable dispatches. The Legionnaires attended the dedication of the Joan of Arc statue at Blois, given by the city of New York.

Canadian soldier societies have been asked to co-operate with American Legion posts of the west in the search for Fred E. Woodward, Sidney, Mont., Legion post commander, veteran of the Princess Patricia and the A. E. F., who disappeared June 29. It is feared that Woodward is a victim of amnesia.

Following their successful ascent last month of Mount Hood, one of the high peaks of the Pacific coast ranges, members of Hoo River post of the American Legion have announced that the climb will be made annually. Governor Oleott and Secretary of State Kozler led the Alpine party of 85, composed of Legionnaires and state officials. The climb required two days and a night.

The first of the party of six observers who were the only persons in America to witness the mysterious "new star" visible when the earth passed thru the tail of a comet last month, was Eddie Rickenbacker, premier American ace and member of the American Legion in California. The party was stationed at the Lick Observatory.

The famed Waldorf Astoria hotel on Fifth Avenue will be used by posts of the American Legion

in New York City this year for their annual Victory Ball November 10-11. President Harding has accepted an invitation to be honorary chairman of the ball and invitations have gone to cabinet members and allied embassy staffs. Delegates from foreign powers who will attend the disarmament conference at Washington on November 11 will be invited.

Argentina celebrated the inauguration of faster boat service between New York and South America recently when the new American passenger liner, American Legion, concluded her maiden trip at the port of Buenos Aires. The port of the Legion there and government officials held a reception for the American liner's crew.

Charging that he buried the bodies of two or three soldiers in the same grave and that he charged for hermetically sealed coffin boxes when none were used, the American Legion of New York City recently caused the arrest of William A. Skhill, a Manhattan undertaker. The Legion announced his arrest as the opening of a crusade against unscrupulous undertakers.

Daily Market Report

NET GAINS RECORDED IN ALL OPTIONS

By Associated Press.
CHICAGO, Aug. 25.—After a dull start the market distinguished itself today in dealings on the board of trade. Net gains were recorded in all options, wheat advancing 2 to 2 1/2, corn 1 to 1 1/2, oats 1 to 1 1/2 and provision from 2 1/2 to 3 1/2 with lead the leader and ribs lagging.

There was little activity in the early wheat market, but the new Capper-Tincher law might restrict trading in futures serving to offset the signing of the war finance bill with its provisions for agricultural export loans. A factor was an early stagnation in export trade when sellers asked more than the seaboard was willing to pay for shipments via Buffalo and Georgian bay ports.

Later timidity of buyers over the Capper-Tincher law was overcome and there was considerable buying of small lots. Then the pit element noted the advance in cotton due to the rural credit law and sought to buy but the surplus had been taken out of the market, shorts had trouble in covering and a rather strong rally carried prices about 3 cents above the low figure of the day.

Corn showed a strong undertone because of the cash situation the industrial demand in the sample market being good and bids to arrive on 30 day shipments advancing 3c. Oats were dull but held well in sympathy with corn and the late strength in wheat.

Provisions were early inclined to sag in sympathy with the live hog market and gained strength later when packers and commission houses bought hard.

MILITARY FUNERAL IS
HELD IN GREENE COUNTY

Remains of Private Harmon A. Worrall Laid to Rest Sunday Afternoon.

White Hall, Aug. 24.—One of the largely attended military funerals of this section was that of Private Harmon Albert Worrall, which was conducted at 11 a. m. Sunday at the Richwoods Baptist church, eight miles east of Roodhouse.

The discourse was delivered by Rev. Roy March of White Hall, and it is said to have been very able, inspiring and appropriate one. The singing was by a choir from Scottville, and the pall bearers were ex-soldiers of the neighborhood, including Claude Bolton, Roney Mayes, Buford Simms, Clyde Wheeler, Melvin Smith and Russell Miller.

The interment was in the Richwoods cemetery with military honors carried out by the Roodhouse post of the American Legion. This is the second soldier funeral recently conducted by Rev. March, the previous one being that of Flying Cadet Noel R. Thompson.

Harmon Albert Worrall was the eldest child of Mr. and Mrs. Albert Worrall, and was born in the Richwoods Greene county, August 27, 1895. On May 27th, 1918, he was called to the service and assigned to training at Camp Gordon, Atlanta, Georgia. By the latter part of July he was on his way to France, and was sent to the front about September 21st.

In one of the battles he received wounds that resulted in his death October 12th, 1918. He was a member of Company A, 61st Infantry.

When found by one of his comrades following the terrible wound, from which he never rallied, he had in his hand a small testament, on the flyleaf of which he had penned these words: "Whoever finds me, please send this message and Bible to my mother, and tell her I die happy."

The remains arrived at Murrayville on Thursday last, and were conveyed to the home of the parents in charge of Private Delmar Bulhile of Camp Grant. There the remains were held until the funeral hour, and such an outpouring of people at a funeral was never before witnessed in that neighborhood, only about one-third of the people being able to gain admission to the spacious rural church. Besides the parents, he is survived by four brothers, Jabus, Alvy, Raymond and Gilbert, and three sisters, Miss Anna, Mrs. Ruth Crayne and Miss Goldie. James Preston, of New Berlin, is a grandfather, and Mrs. Elizabeth Worrall, of Manchester, is a grandmother.

Y. M. C. A. NEWS

Just Being a Good Citizen Helps

At the Princeton conference of the Foreign Secretaries of the Y. M. C. A. in June, 1921, when reporting on the work of the foreign association in Yokohama, H. S. Sneyd said that when he first went there and called on the British consul he was welcomed heartily but was told that in the opinion of the foreign business people there the Association could never succeed!

Four years later when Mr. Sneyd—who is a Canadian—registered for war service the same consul said to him: "Mr. Sneyd we would not send you out to Yokohama even if you were younger and had no children. What you are doing here in the interest of international relationships is worth more to the Empire than anything else you could do."

American Boys Can Help in India

"If the Young Men's Christian Association in its boys' work can help the Indian boy to work out the good of his own heritage," writes Henry G. Hart, Boys' Secretary for India, "in my opinion it will have begun a great reform in this country which will help the people feel satisfied because they

are tasting of the things their hearts crave!"

"In music, in arts, in literature and in many other ways the Indian boy has something to be proud of. At the same time he will be glad to have the good things from other nations."

"The people of India do not object to the Jesus way of living, but they do not take readily to the type of religion we are trying to give them."

"In the brief time I have been in Allahabad I have had two groups of men meeting each week

for training along the demonstration method, preparing for the work after our vacation season. One is a Christian group and one non-Christian. In addition I have had one group of twelve boys who were taking a meagre four-fold program but I finally won their loyalty and they are beginning to understand what boys' work will mean to them."

"I met a boy the other day in Lucknow whom I had persuaded to become a Christian when I was here in 1916 and he said, 'Sahib, all my people have now become

Christian, all except my old mother.' This young man is married to a girl who can read and write, which is a great blessing when one can remember that only one woman in a thousand in India can read and write. Some day their children may be among the leaders of great things for India."
